Visitors are welcome into the Homes and the visitor policy respects the Resident's Bill of Rights. - Retirement Homes are responsible for ensuring that Residents receive visitors safely by implementing visiting practices that help to protect against the risk of COVID-19. It remains critical that retirement Homes continue to implement and enforce preventative measures to protect the health and safety of Residents and team members.
- Homes must ensure that all team members, students, volunteers, and Residents abide by health and safety practice in MOHs COVID-19 Guidance: LTCH/RH/CLS for PHU.
- Homes must adhere to any directions from their local PHU.
- Homes must facilitate visits for Residents and must not unreasonably deny visitors based on frequency of visits and their vaccination status.

SAFETY:

Retirement Homes must ensure the following are put in place to facilitate safe visits:

- **Adequate staffing** – the Home must have sufficient team members to implement the policies related to visitor and to ensure safe visiting as determined by the Homes leadership
